REPORT BY THE BELOVED KUTHUMI ON THE ACTIVITIES IN THE ROCKY MOUNTAIN RETREAT HALF AN HOUR BEFORE THE TRANSMISSION OF THE FLAME - JUNE 20, 1953

Tonight, as the Great Retreat which forms one of the most ancient Sanctuaries known upon the planet Earth today plays Host, not only to the Ascended Masters and Their chelas of Love and Light, but also to the souls of millions of incarnate lifestreams and members of the human race who are awaiting incarnation in the discarnate realm. We choose to bring to your attention an eye-picture of the activity in order that you may enjoy, and consciously participate in the service as manifested through Us all.

Because of the momentum of the student body over the many years in turning their consciousnesses toward this Retreat, at least twice in each year, the inner currents are more firmly established than in the Retreats which have just been brought to the attention of the outer consciousness, and I might say that it is like travelling along a well-cut highway in comparison to that of a grassy footpath for the consciousness and the soul of the mankind of Earth as they turn toward this Retreat.

The seven great Thrones of the Lords of Karma in the atmosphere above the Council Chambers are already filled. These Beloved Beings have come several weeks in advance of Their usual visitation in order that They, too, might contribute the

energies of Their Love and Breath of Life in this powerful and magnificent opportunity.

They each wear upon Their heads the Seven pointed Crown symbolic of Their Office, and all are in green and gold in honor of the colors of the Beloved Host of the evening, with the exception of Kwan Yin Who, as Spokesman, has chosen to wear the deep royal purple significant of the concentrated action of Mercy and Compassion.

The Ascended Masters Themselves are now gathering and entering into the vast Chamber, taking Their accustomed seats, each of which is provided with a green velvet cushion and footstool. The rostrum itself is decorated in a most exquisite display of gold calla lilies combined with a rich green vine which grows in China and brought hither for the occasion by some members of the Brotherhood. Over the entire mountain stands the canopy of force that was drawn from the heart of the Music Festival, which is made up of the combined energies of the thousands of lifestreams who attended, and which will be offered on behalf of Serapis when the 200,000 are called before the Karmic Board to render an accounting for their participation in the progressive unfoldment of the evolution of the race.

The Beloved Lanto is already upon the platform and the concentration of the Green and Gold Flame, standing around His body for about three feet in every direction, is so brilliant and beautiful that His form is hardly visible within It.

The back area of the Chamber is filled with the inner bodies of the conscious students who are aware of the Masters and Their Service; and

the action of the whole audience is to enter deep into the Heart of Their own Flames and endeavor to duplicate the great Cosmic Green and Gold Lily which is the form the Flame will take in its expanding activity around the Earth. The Sponsors for each location have established around each Sanctuary a similar Flame Flower. They are all closed like great tulips, and will not open their petals until Lanto gives the signal for the breathing to commence. It is the desire of the Sponsors (through the student body) to expand all of these Flame Flowers, entwining one with another, until the entire Earth is garlanded - which is balance.

As We stand here, We see the discarnates being drawn into the atmosphere by the Great Astrea, the Beloved Oromasis and Diana and Lord Michael. There is a great amphitheatre prepared for them, for they have asked that they might give their breath in passing this same Flame through their realms. Previously, the Masters have drawn the Flame through these realms as well as the elemental kingdom, but this is the first time that the discarnates have asked for an opportunity to consciously participate in the activity themselves. I would ask now that you send a thought to anyone whom you think might be within those realms, as it will make it easier for them to accept the benefits of the Flame.

The Beloved Sanat Kumara and Lord Buddha have just come, and the Lord Maitreya has entered also, bearing with Him the Rod of Power. All are now seated, quietly contemplating the Flame.

REPORT OF ACTIVITIES OF THE TRANSMISSION OF THE FLAME BY THE LORD MAHA CHOHAN - JUNE 21, 1953

As the Flame of God encircled the Earth on the evening of June 20th, 1953, it was interesting to note that the tracks which had been cut through the lower atmosphere of Earth from Sanctuary to Sanctuary by the breath of the student body were clearly defined before the Great Invisible Helpers began to set the currents into action from the Higher Realms which would enable the greatest possible service to be rendered at this time.

I can best describe it by saying that the lower atmosphere of Earth is often temporarily 'parted', so to speak, by a strong thought or feeling form, through a cooperative service or group endeavor, but after the service is completed, the atmosphere again 'closes in' just as an individual leaves no trace of his pathway behind him in passing through water. However, as the Great Law, through Its Messengers, has witnessed the fidelity, constancy and enthusiasm of the unascended beings who have joined together, month after month, in invoking and directing the Flame, and who have contributed the energy and substance of their own breath as a conductor of that Flame, this Bridge of Breath and Energy has been made permanent, and remains a visible, tangible, constant 'conductor' from one focus of Light to another at all times.

This means that even when the added impetus of the conscious cooperation of the students is not intensifying the blessing of the particular Retreat which is the focus for the evening, the rhythm of that Flame, like water pouring through a prepared channel, continues to flow, and the sphere of influence of each Retreat is no longer

'localized', but world-wide in its outpouring. This is more important than perhaps the human consciousness will realize upon first thought because instead of having one 'treatment' in a thirty-day cycle, the entire momentum and power of radiation from the Retreat which is active during that period becomes the constant, pulsating and raising activity of the entire world throughout this thirty-day cycle.

Each time the group activity is repeated, all the breath released from each lifestream is woven into this 'spiritual track' to widen the bridge, so that from a tiny thread, which is barely perceptible among the shadows of Earth's present garments of pain and confusion, it will one day be a blazing highway as wide as Earth's periphery, and then all will see, know and manifest God Accomplishment.

In July of last year, when this humble experiment first began, the sphere of influence of each Retreat covered a localized area, but there were no conscious unbroken connections between these foci of Light and Power. When the student body first contributed its timid breaths, there being but one such group of unascended beings conscious of Our endeavor, those combined breaths did not reach across the Atlantic Ocean, and it was the pleasure of the Ascended Host to provide the necessary strength, impetus and Cosmic breath to carry that frail offering around the world. Like a 'wisp of smoke', the students' breath was dissipated at the close of the ceremony.

As the year has progressed, and as more and more groups of unascended beings are participating, the power and momentum of the students carry

the breath around the world - accomplished solely throu the conscious endeavors of unascended beings. We merely intensify the Flame.

Because this contribution has come voluntarily through the hearts of members of the human race, the Law has permitted Us to sustain this channel through which the energies flow, and it is a tremendous forward impetus for Our endeavors, for rather than receiving the 'food' once in every thirty days, all kingdoms are receiving it every second throughout this period.

May I bless and thank those lovely spirits who have chosen to invest their breath in this Cosmic Endeavor!

We begin Our second cycle of the Transmission Flame on July 18th, from the Retreat of the Master Saint Germain in Transylvania, and I am grateful that, as the 'Book of Life' closes on Our first year's endeavors, I shall be able to offer the Lords of Karma such a beautiful report from the hearts of those who love life enough to contribute their life breath to its glorious fulfillment.

Love and Blessings,

MAHA CHOHAN
